NATIONAL AGRICULTURAL EXHIBITION

Background

As one of the agriculturally rich country of the world, India considers agriculture as a powerful engine of livelihood, security and social transformation. Agriculture has, indeed, scratched out a new map for India with emphasis on increased food production. But still there are sectors, greater attention is needed for accelerating the growth and development. There are still needs of a higher level of confidence among the farmers, rural youth and masses for better coordination though which India can achieve self-sufficiency in food. The 14th Krishi Fair 2023 is all set to provide a veritable platform to all working in different sectors as agriculture, animal husbandry, veterinary and poultry, floriculture and horticulture, etc. It will try to bring in more number of farmers, researchers, stake-holders and entrepreneurs on a common platform which will work towards major breakthroughs in all these areas of growth.

G20 Summit 2023 India

Vasudhaiva Kutumbakam, or “One Earth, One Family, One Future,” is the recently unveiled theme for India's G20 year. It is based on Sanskrit scriptures and emphasises the interconnectedness of various forms of life, including humans, animals, plants, and microorganisms, as well as their significance both on Earth and in the larger cosmos.

Organization

The annual Krishi Fair has been organized by Shree Srikhetra Soochana (SSS), a non-profit, non-government and voluntary organization based in Puri. The purpose of such a Fair is to provide opportunities to people who take interest in agriculture as a consistent source of human sustenance.
